Greetings everyone,

I am writing in order to start (or re-start) a conversation about public restrooms in Hollywood. I know this has been discussed before, but with new leadership in Hollywood of both the BID and Chamber, and the newly implemented Tourism District Overlay Zone, I have been tasked with looking into the feasibility of installing public restrooms in Hollywood, specifically in the tourism zone near Hollywood and Highland. I know there are public restrooms in other locations of the city, such as the ones near the Metro Red Line station at North Hollywood. I would like to know what the requirements would be, who would or could fund them, and how they are maintained.

Thank you so much!

**DEVIN TAIT STRECKER**
